## Personality

## Traits

Adaptability   Organization   Intuitive   Collaboration

## Goals

- All in one remote solution with integrations.
- Simple UI for tenant portal.
- Consistent data backups.
- SEO
- Mobility

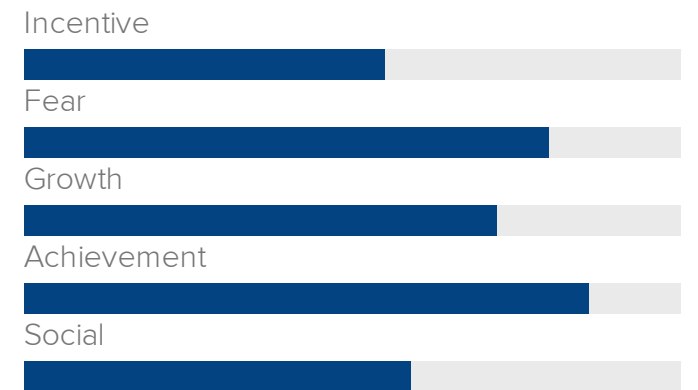

## Frustrations

- Current software is not optimized for a phone.
- Lack of live support.
- Little to no downtime data security
- Inability to leverage price elasticity
- Not having integrated payments.

## Bio

With a passion for serving the local community, Shane has built a solid reputation for excellence in the Self-Storage industry. With years of experience and a deep understanding of the unique storage needs of individuals and businesses, he leverages state-of-the-art innovations to enhance every aspect of the facility's operations, from security to customer convenience. In addition to top-notch technology, Shane employs advanced facility management software to streamline operations to improve customer experiences. Through the integration of online reservations, digital contracts, and automated billing systems, he simplifies the renting process, allowing customers to easily reserve and manage their storage units from the comfort of their homes. He continually explores new innovations and solutions, seeking ways to enhance the storage journey and deliver unparalleled convenience, and efficiency that meet customer expectations.
